

HANDLERS OF FOOD REPRESENTED AS ORGANIC

Records: (Records must be maintained for three years for producers from the date of sale. If not kept on the premises, must be made available for inspection within 72 hours of request).

Name, addresses, and registration numbers (if applicable) of suppliers as well as the quantity and date of each transaction.

Invoices for each shipment from each supplier stating that the food may be sold as organic.

Name, addresses, and registration numbers (if applicable) of persons to whom the food is sold or transferred, and the quantity and date of each transaction.

Labeling:

Proper labeling on containers of produce.

Substances:

All substances applied to the handler to the food or in or around any area or container where the food is kept, including the quantity, brand name, source, and date of each application.
